DEMOCRATIC TICKET.

FOR PRESIDENT,

GROVER CLEVELAND,

Of the United States.

FOR VICE-PRESIDENT,

ADLAINE STEVENSON,

Of Illinois.

FOR SHERIFF,

JAMES P. STEVENS,

FOR CIRCUIT COURT CLERK,

GABRIEL B. LIKENS,

The Tariff was removed from quinine and is immediately had cheap again.

The Tariff was removed from sugar and the staple of tea became no longer an expensive luxury, but cheap enough to be bought by the poor as well as the rich. Will some Republican High Tariff advocates tell the people why a similar reduction of the Tariff on clothing and agricultural implements would not secure to the people a similar reduction in price?

The Madisonville *Herald* is five years old and altogether one of the brightest, cleanest, newest papers in the State. J. J. Glenn and C. C. Givens know how to make a paper popular and profitable.

EX-PRESIDENT GROVER CLEVELAND has appointed Lincoln O'Brien, a Boston newspaper reporter, as his private secretary at Gray Gables, Buzzards Bay, Mass. O'Brien graduated from Harvard University in 1891, with high honors.

In this issue of the HERALD will be found the announcement of Mr. J. G. Taylor, of Owenton, as a candidate for the office of Commonwealth Attorney for the Sixth Judicial District, subject to the action of the Democratic party. Mr. Taylor is about 25 years of age, well educated and stands high in his profession.

The blood of half a score of murdered laborers cry out to heaven from the proctored city of Homestead, and asks that the wrongs which Protection permits and fosters be righted. Will the American voter hear this man's appeal or will he vote still with the Republican party to further increase the injurious protection system?

If now begins to look like Davis' county is going to want "all in sight" and "handed to her," when it comes to the officials in the Sixth Judicial District. This is a spirit, not a spirit of fairness, to the least of it. Ohio county is entitled to and should have the Commonwealth's Attorney, and if we are not very greatly deceived, the Democracy of the Sixth District will really recognize the justice in the matter and give the nomination to Hon. J. Edw. Rose, than whom there is no better criminal lawyer of his age in the District and whose Democracy is unquestioned.

There have just been issued from the HERALD Job Printing Department some of the handsomest books ever seen in Ohio County. They are the catalogues of East Texas College at Lufkin, Texas, and are printed and gotten up in a style which will show the Texans what fine work is. Mr. A. C. Foster, an old Ohio county boy, is President of the college, which is one of the finest in the Lone Star State. Those who have an eye for beauty in the printed page will find a pleasure in calling at the HERALD Job Printing Office and taking a look at these catalogues.

Up and down have wages gone until the climax was reached in the steel trade and the men could no longer work for what the operators offered. When a reduction of from 20 to 60 per cent. was ordered by the manufacturers, the men went out on a strike. The Carnegie steel

plant at Homestead was fortified like a baronial castle and the men were all discharged and a band of Pinkerton detectives were sent down there from another State to take charge of the works. The workers told these men they could not come into the works, and a battle followed in which seven of the Pinkertons were killed and many others wounded. The workers are still under siege, the men declaring that the Pinkertons shall not come into the works which their labor has built up, and from which they are now driven like convicts.

The town is under martial law and nobody can tell what the outcome will be. Whatever it may be, it will serve to show to the world that the promise of the protected manufacturer to pay better wages than those who are not protected is a delusion and the last argument in favor of the tariff robbery is removed. The laboring men of America now join the Democratic party and all who favor fair treatment in government in the battlefield which will sweep the country round.

Down with the Robber Tariff!

ABOUT "CARDS OF THANKS."

One Mattingly occupies half a column in the Grayson *Gazette* with a "Card of Thanks" in which he grows eloquent, thanking everybody in about four States for the attentions shown his wife who has recently died. He is thankful, he says, for letters of condolence received from his friends, and for the kind words of sympathy given him. So far as I get to learn in the Democratic and Republican parties are the leaders in this bold and visionary movement, and this object is to ride into office through the people, who, he says, are credulous people, who, he hopes, to decline and lead entry into this Third Party huckstering. They will not succeed, however, for the masses of the people have much more sense than these scheming demagogues credit them with.

Two Cent Shirts.

See Catalogue in Monday Leader.

If you think you are foolish in your community go to Alaska for six months. When you return, you will find that one-third of your friends never knew you were gone, one third forgot you, and one third remembered you with perfect indifference.

So it will be when you sail for the Orient.

The space you occupy is so small it will be noticed only by those next to you.

The man who makes a practice of commenting on woman's faults and frivolities is exposing his own. He wants to make people to take notice of his two ways of life and read it every morning just before breakfast.

There is a weak spot in the brain of a man who deprecates the value of womanhood. While he may not have sense enough to know it, the world has discerned it long ago.

The Electoral Vote.

This year the Electoral College consists of 233 members, 200 of whom are to be chosen by popular vote. This is an addition of forty-three votes to the aggregate of 1888. Of this addition twenty go to the new seats admitted during Mr. Harrison's administration, and the remaining twelve to the states of North Dakota, South Dakota, Washington, and Wyoming. Of the other twenty-three, sixteen are distributed among States carried by Mr. Harrison in 1888, and seven are credited to States carried by Mr. Cleveland.

Teny Ratify.

The Democrats of Ohio ratified the nomination of Cleveland and Stevenson in great style last Thursday evening. The resolution was adopted without a division, and the report of the meeting is as follows:

Mr. J. Edwin Rose, Hartford's brilliant young legal bird, was called upon to make a speech and responded promptly. His speech was original and forcible, and it played to "Dixie" a soul-stirring style.

Mr. Rose made a magnificent Democratic speech, which fairly bristled with the most logical arguments for arming the Republicans with the merciless oppression of the laboring class of people, and called upon the burdened to come into the Democratic ranks of rest, where equal rights were guaranteed to all. Mr. Rose's speech was well received and elicited strong applause.

Mr. John McNeely, an artist of Chicago, Ill., is the guest of our society to day. Owing to close confinement, Mr. McNeely has been ill, and therefore will spend a short time in recreation before returning to his work.

The members of Woodward Valley Club have called Rev. D. E. Yeiser, Lewis K. K. K., to speak at their next meeting.

Mr. Wade Tichenor, of West Point neighborhood, will begin a singing school at Woodward's Valley Saturday evening next.

Mr. Nannie Gregory, of Owenton, Ky., is visiting friends near Lewis this week.

Mrs. Bettie Porter, daughter and son, Miss Berilla and Master Alex, who have visited relatives near Drakesboro, Ky., returned to their home at Abbieville Tuesday.

Miss Maggie D. Williams returned home from Paducah last Saturday, where she had been attending the Teacher's Association.

Hurrah for Cleveland and Stevenson!

Now is being threshed at a rapid rate and is being delivered to the mills at 70 cents per bushel. It is grading fine, running up to sixty-one and one-half percent, and the price per bushel is increasing. We have one thousand eight hundred and threshed 425. That's pretty good farming.

In the Commercial Club of Monday, June 11th, reported and a board of managers appointed, they desire that there be a general organization and concert of action in this regard, so as to friendly rivalry in all sections of the State. All exhibits will be made in the name of the person or firm producing them, and the individual exhibitors will be made accompanying the exhibit.

AMONG OUR EXCHANGES.

RECENTLY RECEIVED.

The Hart County News has given us the intelligence that Hon. Silas Payton has left the Democratic party and gone to the Third party. Silas is, perhaps, the most notorious person in Kentucky, and, occasionally referred to as "the Devil." He was a member of the Legislature, but when it was discovered that he could "never get nothing" he just pulled out and now sits the Third party woods on fire, and incidentally (?) for free.
